

FACES MURDER IN FIRST DEGREE

An Indictment Returned
Against Sarah Robinson
Monday.

REPORT OF GRAND JURY IN STARK

Case Against Harry Edgecomb,
of Alliance, is Ignored--Jury
Had No Jurisdiction
--Other Cases.

The grand jury reported at 2 o'clock Monday, having found an indictment against Sarah Robinson for murder in the first degree for the killing of Walter McNair, at Massillon. It is expected that the case will come to trial within a few weeks.

The case of Ohio against Captain Harry Edgecomb, of Alliance, for criminal assault, was ignored by the grand jury. Lucy Holmes had brought the charge, but after considerable testimony had been taken before the jury, it developed that the crime, if there had been one committed, had occurred in Mahoning county, and the jury had no jurisdiction.

The report of the jury showed that 146 witnesses had been examined, covering 23 cases. Twenty-one true bills were returned and nine cases were ignored. In some instances more than one indictment was returned in the same case.

A number of indictments were withheld from the public. In the cases where the parties are under bond or in jail the indictments have been made public.

Two indictments were returned against George Wright, Harry Little and Elmer Baker for assault and battery. They are the Canton boys accused of beating Neely and Unkefer on the streets of Canton. The jury found there were two separate assaults.

Two indictments were returned against Charles Schaffert and Charles Fogle, one for grand larceny and one for interfering with electric wires. Leo Guinard and John Yoerns were indicted for grand larceny, attempted burglary and two bills charging them with larceny.

Charles Menke, two indictments, incest and rape.

Frederick Deterick, securing money by false pretense.

John Lewis, forgery.

Martin Stein, false pretense.

George Van Dyke and Clarence Martin, attempted burglary.

Edgar Umstead, non-support of minor child.

Henry Suhr was foreman of the grand jury. In discharging the jurors Judge Ambler thanked them for their diligence and attention to business. They were in session six days.

Absolutely no information could be gleaned as to the nature of the indictments that were withheld.

The jury visited the jail and reported that it was kept in good condition, but the recommendations that have been made before relative to improvements that ought to be made were repeated by the present jury.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

FRIGHTFUL MT. PELEE STILL THREATENING

(News-Democrat Leased Wire Service.)
Paris, May 12.—The whole north-eastern portion of the island is laid waste. Three large communities, exclusive of St. Pierre, have been destroyed. The victims comprise two candidates in today's balloting for members of chamber of deputies.

All the hills surrounding Le Carbet and Le Precheur (near St. Pierre) are covered with refugees, to the number of about 5,000, who are being taken away gradually. Meanwhile, provisions are being conveyed to them.

Of the 30 persons who were originally rescued by the French cruiser Suchet the majority were fearfully burned, and nine died while on their way to the hospital.

The minister of marine, M. de Lanesan, today received a cable dispatch from the commander of the French-cruiser Suchet, dated Fort de France, Martinique, saying that he conducted a search at St. Pierre yesterday. The captain reports that the town is now a mere heap of smoking ruins, under which the victims of the catastrophe are buried.

The captain of the Suchet further reported that the Mt. Pelee volcano still had a threatening aspect yesterday evening. Subterranean rumblings were still heard, flashes of flame frequently belched from the volcano and stones were thrown out with immense force.

The waves of lava are still reported to be flowing northward. They have extended even to Le Carbet.

The candidates for election to the French chamber of deputies who perished at St. Pierre were MM. Percin and Le Clero.

The British ambassador, Sir Edmund J. Monson, called at the Elysee palace this afternoon and communicated to President Loubet personally the sympathy of King Edward.

The kaiser today telegraphed his sympathy to the government and sent President Loubet 10,000 marks for the relief of Martinique.

PREACHERS ON ALERT.

They Play Detectives in Akron
to See That Sunday Closing
Laws are Enforced.

Akron, O., May 12.—All day Sunday preachers walked about the downtown streets looking for saloons which were open. Before 10 o'clock the word had spread about and several places usually doing Sunday business were closed tight. At one time ten preachers, including Revs. J. G. Slayter, Howard Macayeal and J. J. Davies, among the most prominent in the city, watched one principal saloon.

In many of the churches the city government was denounced for allowing slot machines, open Sunday saloons, gambling and evil places, while the Salvation Army is restricted in the places in which it may conduct street meetings.

The crusade, which began when Adjutant George Jaeger, of the Salvationists, was arrested, is the most vigorous since the W. C. T. U. prayed in the streets twenty years ago.

NEW CRATERS BREAK OUT, ADDING HORROR

(News-Democrat Leased Wire Service.)

Staff Special
Alliance, May 12.—The city patrol department has just broken the record by one day's work. Officer Robert Green unassisted captured one house and secured twelve prisoners.

FRANCE IS TOUCHED

Paris, May 12.—"Of all friendly manifestations the most brilliant and the most touching are certainly those of the United States. The great people beyond the ocean have again proved that feelings of humanity and generosity are among the noble qualities upon which they pride themselves. This fine example of human solidarity touches us profoundly, and we are happy to note it in this unforgettable circumstance."

RUNAWAY.

Canton People Hurt in
Accident at Alliance.

Staff Special
Alliance, May 12.—Mr. and Mrs. F. W. Mazey and daughter, of Canton, had a thrilling experience in this city about 9 o'clock Sunday morning. They drove to this place to visit friends and while passing over the Freedom avenue crossing of the Fort Wayne railroad, the horse became frightened at an engine and ran away.

Mr. Mazey held the reins and kept the horse in the street until Parson coal yard was reached, where one of the buggy wheels struck a pile of sewer pipe and the horse was turned to the left, plunging into a ditch, four feet deep.

The three occupants of the phaeton were thrown out. Mrs. Mazey and daughter escaped with slight bruises but Mr. Mazey had his chin badly cut, his right leg hurt and it is thought he is injured internally. He was taken to his home in Canton Sunday evening.

Packers Admit Agreement
Will Not Oppose
Injunction.

(News-Democrat Leased Wire Service.)
Chicago, May 12.—The plans of the packers to meet the charges in the government's petition for an injunction are known and all signs now point to a legal combat that will be utterly lacking in surprises.

The packers will not resist the application of the government for a temporary injunction, restraining them from violating the Sherman anti-trust law.

Their attorneys will admit in court on May 20 that the packers have been guilty of violations of this law and shall not resist the granting of the restraining order. These admissions are to be made under the understanding that there is to be no criminal prosecutions.

BANKERS' COMMITTEE

Will Restore Control to Everett-
Moore Syndicate in
Short Time.

The bankers' committee in charge of the Everett-Moore syndicate affairs will soon cease to exist and Messrs. Everett and Moore will resume the operation of their property, says the Cleveland Leader of Monday.

When the bankers' committee originally came into power it was supposed that eighteen months would be taken in adjusting the affairs of the syndicate. Should the present plans go through, and there is no apparent reason why they should fail, the committee will have accomplished its task in less than six months.

It is stated on what appears to be reliable authority that the Tucker-Anthony syndicate, of Boston, will purchase the Northern Ohio Traction company within the next ten days. There are several other bidders for the property, one being a Cleveland syndicate in which are several members of the bankers' committee.
